

# Pacific Power California Solar Incentive Program

Residential Energy Efficiency Disclosure Agreement

**By installing all cost effective energy efficiency measures before installing a solar energy system, the owner/tenant can lower the overall system size and cost.**

The Host Customer must sign and date this form once completed. Include this form and a copy of the energy audit with your CSIP reservation application.

## Fill in the blanks

I am the  owner  tenant (choose one) of the home located at: 560 Garfield St., Cedarville, CA 96104  
(address, city, state, zip)  
and I am applying for incentives for the PV system to be installed on this building.

I have reviewed the building's available 12 months of energy usage from my utility company and allow the Program Administrator to access my energy usage.  
\_\_\_\_\_ (Initial)

I used at least one of the following services or tools to learn about energy efficiency measures that could be installed at my home:

### Utility Link

- <http://hes.lbl.gov/consumer/>  
 [pacificpower.net/res/sem/epi.html](http://pacificpower.net/res/sem/epi.html)  
 Other: \_\_\_\_\_

### Third Party Link

- <http://www.gosolarcalifornia.ca.gov>

I had an energy audit completed on the home that identified cost effective energy efficiency improvements, and estimated energy savings.

Yes  No (choose one)

I have been informed of rebates and other incentives to help offset the costs of installing energy efficiency measures from Pacific Power.

Yes  No (choose one)

If not: Please visit [bewattsmart.com](http://bewattsmart.com) for more information before signing.

I installed the following measures on my home:

**Replaced most of the aluminum frame single pane windows with Low E double pane Vinyl windows.**

I intend to install the following measures on my home:

**Finish replacing the aluminum frame single pane windows with Low E double pane Vinyl windows.**

**Replace the two 50 Gal hot water heaters with on-demand water heaters.**

by June 2014 (date).
